7. (Unclassified - JMM) Thanked Senator Stuart Symington for his assistance, as acting Chairman of the Senate Armed Services Committee, in expediting Committee approval of our proposed legislation on the Agency retirement quota.

8. (Unclassified - RJK) Sally Shelton, Legislative Aide to Senator Lloyd Bentsen (D., Texas), called to ask about an unnamed commission for overseeing intelligence activities. She wanted to know if we could identify this commission. I told her the closest thing was the President's Foreign Intelligence Advisory Board and briefed her on its function. She said this answered the question she had.

9. (Secret - LLM) Mrs. McElroy, in the office of Senator Marlow Cook (R., Ky.), called on referral from State concerning the [redacted] cases. I told her that we were available to see the Senator at his convenience and that we were hopeful that the Members who have expressed interest in these cases (Senator Hatfield and Representatives Dellenback and Mazzoli included) would have available to them a suitable public statement by the middle of the week. McElroy will find out what the Senator's wishes are.
